

International Business

International Consultancy (IC) provides a broad based understanding of foreign markets and product specialization while understanding the various cultures and work ethic. IC's services, international contacts and import/export oversight brings global integration to your product line.

With full service offerings,
wherever you need us, we are there.

While our office is located in Central Florida, the international market representation is focused in Central and South America and the Caribbean. Our combination of grass roots knowledge and global reach make us the ideal partners for cross cultural services and solutions.
